Adaptive tennis emphasizes inclusivity by providing everyone, including individuals with disabilities, the opportunity to play this lifelong sport. Carolinas Adaptive Standing Tennis (CAST) is committed to advancing the sport in the southeastern United States.

Your Sponsorship

You can be a part of this exciting new expansion of adaptive sports in our region by sponsoring the CAST Tournament. The tournament attracts local, national, and international players ranging from

beginners to advanced players. Your support will help keep the entry fee low and provide financial assistance for travel costs for players. It also allows us to make the tournament free for spectators. It will also allow us to host an adaptive

tennis clinic and youth program to introduce the sport to athletes new to the game. For your charitable donation to GRETA (Guilford Regional Tennis Association), we will provide you or your organization recognition throughout the tournament.
